

**Mark R. Turner, DDS.**  
advanced dentistry with a commitment to excellence

To our new patient

We are delighted to welcome you to our practice and are pleased that you chose us to serve your dental needs. We are serious about providing superior dental care at reasonable prices and proud of our dedication to our patients. Our goal is to help you feel and look your very best through excellent dental care.

Your first appointment will take approximately 1 hour. To facilitate being seen as soon as possible at the time of your appointment, we would appreciate it if you would download all the new patient forms that are available here. Please complete each form in its entirety. In order for our office to give you the BEST care possible and utilize every minute of the time set aside just for you, the completed forms must be returned to our office at least 3 days prior to your first appointment. You may return them by e-mail, fax or "snail-mail". We also request that you please contact your previous dentist and have a copy of your x-rays and treatment records for us to include in your new dental record at our office. These are very important tools for us to properly assess your oral health. You should include any and all that you can obtain (they are never too old). X-rays will be taken at this first visit to supplement whatever you bring with you. It is a general rule that we like to have a current set of x-rays for all patients.

This first visit is used to collect data about your current dental conditions, medical and dental history. Any items that you feel are pertinent should also be brought to our attention right away. A comprehensive treatment plan will be created for you. The doctor and his staff will give you complete information so that you may make an informed decision for your care plan. A treatment plan is a plan of action that will address any problems that are found. It will include estimated times of treatment, number of appointments, and costs. It is only a plan, and can be modified as necessary.

We look forward to meeting you and serving your needs. If you have any questions, please call today.

Thanks again for choosing our dental practice.

Sincerely,

Mark Turner, DDS
